Lehrstuhl für Südosteuropäische Geschichte
Humboldt-Universität zu Berlin

In cooperation with the Deutsches Zentrum für
Integrations- und Migrationsforschung, DeZIM
and the Südosteuropa-Gesellschaft e.V.,
Zweigstelle Berlin.

Languages:
German/English

In today's globalized world, where the foundations of home and social security are destabilized due to wars and neoliberal transformations, the villagers of Kosovo are linked with a common locality despite living across borders. By tracing long-distant family relations with a special focus on cross-border marriages, this study looks at the reconfiguration of care relations, gender and generational roles among kin-members of Kosovo, who now live in different European states.
